Career Objective

B.Tech Computer Science graduate with hands-on experience in Python development, web technologies (HTML, CSS, JavaScript), and MySQL database management. Passionate about creating innovative web applications and eager to contribute to dynamic, collaborative teams.

Skills

- **Languages & Frameworks:** Python, Java, C, JavaScript, HTML5, CSS3, Node.js, Express.js
- **DevOps & Infrastructure:** Docker, NGINX, QEMU/KVM
- **Databases & Tools:** MariaDB, MySQL, git
- **Operating Systems:** Linux, Windows
- **Soft Skills:** Critical thinking, Time management, Fast learner

Education

- **College of Engineering, Kidangoor**, B.Tech in Computer Science 2021 - 2025
GPA: 7.34/10
- **Mary Mount Public School, Kattachira**, Grade XII 2020 - 2021
Grade: 92 %

Projects

- **FreqSplit:** Designed an evolving audio processing pipeline using Python and PyTorch for source separation and spectral gating. Integrated with a Django backend (API + WebSocket) and React-TypeScript frontend for real-time interaction and modular scalability.
- **SwiftMeds:** Developed an online medical shop using Node.js and Express with Socket.io for real-time doctor-patient consultations. Implemented secure authentication, medicine browsing, and account management with HTML, CSS, and JavaScript.
- **Self-Hosted Private Network & Web Services:** Deployed a Raspberry Pi server running Dockerized web services behind an NGINX reverse proxy with SSL. Configured Pi-hole for DNS ad-blocking and Tailscale VPN for secure remote mesh connectivity.

Internships

- **Cybersecurity Intern**, SkillVertex March 2023
• Gained hands-on experience in ethical hacking, vulnerability assessment, and penetration testing.
- **Java Spring Boot Intern**, Luminar Technolab July 2025 – Present
• Undergoing hands-on training in Java and Spring Boot, developing three full-stack applications with REST APIs, MySQL, Spring Security, and MVC architecture.

Languages

- English — Full Professional Proficiency
- Malayalam — Native or Bilingual Proficiency

Interests

Linux, Back-end Development, Open Source, Continuous Learning, Web Development
